

June 16, 2020

Dear Customer:

C and D Utility, under Charlotte Water (CLTWater) supervision, are replacing water mains in your neighborhood. In order to maintain high-quality water and wastewater services, Charlotte Water constructs dozens of system improvement projects every year. In some cases, the construction of the improvement causes temporary service outages. However, in this time of a community pandemic, in a heightened effort to maintain constant water service, For months, Charlotte Water took steps to minimize the frequency and duration of interruptions in water service to customers and delayed these construction activities that would have interrupted water service for Ludi Mae Court and Vicksburg Road.

For the **Vicksburg Road** (between Bathurst Drive to dead end) and **4410 and 4400 Bathurst Drive** water outage, Charlotte Water will reduce the planned outage duration and number of customers affected to minimize disruption as much as possible. Your **water service** must be **temporarily interrupted** to abandon the existing galvanized steel pipe on Vicksburg Road.

<p><b>DATES OF INTERRUPTION:</b> <u><b>Wednesday, June 24, 2020</b></u> <b>DURATION OF INTERRUPTION:</b> <u><b>9:00 AM to 4:00 PM</b></u></p>
---

If foul weather or some other unforeseen circumstances prevent completion of work, the scheduled **makeup date** is **Thursday, June 25, 2020** with the same hours.

Once service is restored, you may experience water that appears slightly discolored. You may also notice a latent chlorine odor from disinfection of the new main. This is quite normal and temporary. To help with this process, run your **cold-water tap** for a short period of time. If water doesn't clear up after 15 minutes, please call the contacts below. The new main has been flushed and de-chlorinated, so it should not take very long for the appearance of the water to improve.

Please visit the project website by going to [www.charlottewater.org](http://www.charlottewater.org). (Projects, Construction, Deerhurst Neighborhood Water Pipe Replacement).

We apologize for any inconvenience this outage may cause and ask for your patience and cooperation as this project moves toward completion.

If you have any questions or your water service is off during times other than indicated above, please call the Project Inspector, Enzo Martucci, at 980-721-0225, or myself at 704-336-7461.

Sincerely,  
CHARLOTTE WATER
